	Continued From page 2 6 of 7 house supplements thawed, with no label containing storage placement date or use by date, and available for resident consumption.		After three months of reporting, the QAPI Committee will determine the reporting frequency thereafter.	
			The 6 of 7 house supplements where immediately discarded. The Administrator inspected all locations for dated house supplements and no other un-dated or expired house supplements were found. After review, it was determined the labels (to include the date) with resident names on them were being removed if not used for that specific patient. The labeling procedure was revised to now include two labels; 1) patient name/room number and 2) expiration date. The new procedure also instructs the dietary staff to put both labels on the supplement container separately as to avoid both labels being pulled off inadvertently. (Attachment #4)	
			All Dietary staff was in-serviced on the new procedure, the in-services began on 7/6/16 thru 7/25/16. (Attachment #5) The Dietary Manager and Administrator will monitor supplement dates bi-weekly for 4
